

Resolution Number: 1988-C047
Title: Adopt a Statement on Childbirth and Abortion
Legislative Action Taken: Concurred As Amended
Final Text:

Resolved, That the 69th General Convention
adopt the following statement on childbirth and abortion:

All human life is sacred. Hence, it is sacred from its inception until death. The Church takes seriously its obligation to help form the consciences of its members concerning this sacredness. Human life, therefore, should be initiated only advisedly and in full accord with this understanding of the power to conceive and give birth which is bestowed by God.

It is the responsibility of our congregations to assist their members in becoming informed concerning the spiritual, physiological and psychological aspects of sex and sexuality.

The Book of Common Prayer affirms that "the birth of a child is a joyous and solemn occasion in the life of a family. It is also an occasion for rejoicing in the Christian community" (p 440). As Christians we also affirm responsible family planning.

We regard all abortion as having a tragic dimension, calling for the concern and compassion of all the Christian community.

While we acknowledge that in this country it is the legal right of every woman to have a medically safe abortion, as Christians we believe strongly that if this right is exercised, it should be used only in extreme situations. We emphatically oppose abortion as a means of birth control, family planning, sex selection, or any reason of mere convenience.

In those cases where an abortion is being considered, members of this Church are urged to seek the dictates of their consciences in prayer, to seek the advice and counsel of members of the Christian community and where appropriate the sacramental life of this Church.

Whenever members of this Church are consulted with regard to a problem pregnancy, they are to explore, with grave seriousness, with the person or persons seeking advice and counsel, as alternatives to abortion, other positive courses of action, including, but not limited to, the following possibilities: the parents raising the child; another family member raising the child; making the child available for adoption.

It is the responsibility of members of this Church, especially the clergy, to become aware of local agencies and resources which will assist those faced with problem pregnancies.

We believe that legislation concerning abortions will not address the root of the problem. We therefore express our deep conviction that any proposed legislation on the part of national or state governments regarding abortions must take special care to see that individual

conscience is respected, and that the responsibility of individuals to reach informed decisions in this matter is acknowledged and honored.
