

Resolution Number: 2018-D053
Title: Call for Model Policies for Sustainable Church Land Use
Legislative Action Taken: Concurred as Amended
Final Text:

Resolved, That the 79th General Convention recommends that all dioceses, faith communities and institutions create partnerships enabling the use of church-owned land for regenerative agriculture and biodiversity conservation projects in order to sequester carbon and to mitigate climate change; and be it further

Resolved, That the General Convention direct the Executive Council to appoint a body to gather information from the Church Pension Group, dioceses and other sources in order to create an inventory of all church-owned properties; and be it further

Resolved, That the General Convention requests that each Diocese consider the potential for utilization of church-owned property for new ministries integrating the care of Creation, particularly in situations where properties are no longer regularly utilized; and be it further

Resolved, That the body appointed by Executive Council develop model processes by which dioceses, faith communities and institutions may collaborate with partner agencies to care for creation and sequester carbon through regenerative agriculture, biodiversity conservation, green burial, and habitat restoration; and be it further

Resolved, That the appointed body report back to the 80th General Convention.
