Summary or Work

The Brazil Covenant Committee encountered many challenges and were not able to connect with our partners in Brazil until late in the triennium. There was a substantial turnover of membership on both sides of the partnership. Because of these challenges, we did not have the opportunity to have a face to face meeting prior to the writing of this report.

In the summer of 2017, the partners came together by video conferencing and are now working toward identifying better avenues for communication going forward. The members on both sides of the partnership affirmed the desire to continue in relationship; the Brazilian partners have invited The Episcopal Church members to attend their General Convention in Brasilia in May of 2018. One member from The Episcopal Church traveled to Diocese of Sao Paulo and shared experiences and observations for ways to mutually support our shared ministries.
