### MISSOURI BRANCH WOMAN'S AUXILIARY.

We, members of the Missouri Branch of the Woman's Auxiliary, learning with deepest sorrow of the death of our revered and dearly loved Bishop, do bless God's Holy Name for His servant who has departed this life in His faith and fear. In his holy life and death the Church has received a heritage for which she may thank God, and take courage for new warfare. The Diocese, for the furtherance of whose best interests his life was spent, and for which he fought and labored during seventeen painful and toilsome years, will long mourn its brave and kindly Chief Pastor.

We desire to testify to our reverent joy that to us was permitted his loving leadership, and also to our keen personal grief for the loss we have sustained. Amid the manifold duties and responsibilities of the lofty position in the Church which he filled so well, he gave us gladly, at all times, his ready help and his wise counsel.

To his sorrowing family we extend tender and loving sympathy; praying that the benediction, which, dying, he bestowed upon them, may remain with them always.

*Resolved*, That a copy of these resolutions be sent to the *Church News*, and to Mrs. ROBERTSON.

## FIFTH ANNUAL REPORT.

---

Since the Missouri Branch of the Woman's Auxiliary was established five years ago the work has been one of steady progress, — not as great as we could wish, but a steady improvement, which we hope will yet lead to the large results that would make us a *true* Auxiliary to the Board of Missions.

The only new societies working with us this year have been composed of young people. St. Margaret's Guild of St. Paul's, Mexico, sent a Christmas box, and Emmanuel, Webster Groves, has given generously both to Diocesan and Foreign Missions. Through the efforts of an invalid lady spending the winter in Nevada, Missouri, the Martha and Mary Society of Children was organized. These little girls worked faithfully all winter, sending a box to an Indian school, and one to St. Luke's Hospital containing, among other things, twelve rolls of bandages which showed what skilful work little fingers could do under a wise director. Class 22 of St. George's Sunday-school, although made up of little boys, was not excluded, and sent a Christmas box to Odessa, which the missionary in charge writes was the means of establishing the Sunday-school. Odessa has since that time, in the storm of May 11th, had its church completely demolished. This is a severe trial, for the building was an arduous undertaking, and the people, who are all in moderate circumstances, worked thus faithfully that they might have a service one Thursday night in the month,

which was all the missionary could give them. The rest of the time the Sunday-school kept them together. This Sunday-school and the one at Lexington received the Lenten Mite Chests from the Board of Missions, and wish to establish in Japan a scholarship to be known as the C. F. ROBERTSON scholarship, and will be part of the Auxiliary work. At La Plata, where the churchwomen are struggling to build a chapel and last year were only able to work for themselves, the sewing society has sent a nice package to a missionary.

The scholarship at the School of the Good Shepherd which was suggested last year as the general work of the Auxiliary Board, was undertaken by the Vice-President, and a daughter of one of our missionaries was placed at the school in September. A sufficient sum has been guaranteed to justify the Board in giving her another year's tuition.

During the winter the Rev. C. C. Grafton of Boston gave an instruction on "Spiritual Life" before the Auxiliary in St. Luke's Chapel. It was largely attended, and we hope another year to give a more prominent place to the spiritual side of the work.

Miss Sibyl Carter spent a few days in the city in March, and while not speaking especially in the interests of the Auxiliary, she brought about a better understanding of the work. Her experience in missionary work, especially among the Mormons, showed that many of these people, particularly the young men and women, were glad to derive the benefits of Christian education. Her testimony as to the means used to ensnare these women in bringing them to this country was most emphatic. The church needs there, not only money to carry on this work, but brave, self-sacrificing men and women who will give their energies to it. Miss Carter's enthusiasm and earnestness appealed to all hearts, and if we cannot give ourselves to the work, can we not send a

substitute, and make her way easier by supplying her with means to do our part; or else pledge a scholarship where a child being rescued from these heathen ways may grow in grace until she is fitted to carry the glad tidings herself to her kindred.

The C. F. ROBERTSON scholarship in Japan is the beginning of our educational work outside the Diocese, and Emmanuel Church, Webster Groves, has given \$25, the amount Miss Emery asked as Missouri's portion towards the Hospital at Tokio, Japan.

This year we have extended our work to nearly every department undertaken by the General Auxiliary to the Board of Missions. We have —

- (1) Made up missionary boxes.
- (2) Helped missionary stations in our own Diocese by supplying, one with an organ, another with suitable church furniture, three with altar linen, repaired a chapel and paid taxes on it, and sent four Christmas boxes to Mission Sunday-schools.
- (3) We have assisted the colored mission work in St. Joseph, by funds, repairing chapel and supplying fuel for winter.
- (4) Sent a box and funds to Indian Missions.
- (5) Sent funds to Foreign Missions in Japan.
- (6) Have undertaken the education of a missionary's child.
- (7) Added to the circulating library at the Mission Rooms in New York.
- (8) Added to the General Contingent Fund.

We *have not* helped in the support of the women missionaries in either the domestic or foreign field, or in the payment of insurance on missionaries' lives, the other two special objects the Auxiliary works for.

For every step we have taken on unfamiliar ground we have looked for guidance to the head of our organization, who in the midst of his manifold labors was always ready with his words of practical wisdom and experience and kindly encouragement, without which, the Auxiliary could never have accomplished what it has done. He told us that he saw the evidences of our labors as he travelled through this broad field, and ought not this thought help us now to endure the loss of this wise superior, that we held up his hands as he toiled for the church he loved so well? And ought we not deem it a privilege to labor more abundantly for the work that lay so near his heart?

Respectfully submitted,

MARY W. TRIPLETT,  
*Secretary.*
