

Woman's Auxiliary

DIOCESE OF NEWARK

REPORTS

1919-1921

Report of the
WOMAN'S AUXILIARY
of the
DIOCESE OF NEWARK
1919-1921

JANUARY—1922

Prayers

THE WOMAN'S AUXILIARY PRAYER

Almighty God, Our Heavenly Father, bless, we pray Thee, our work for Thee, and make us so thankful for the precious gift to us of Thy Beloved Son, that we may pray fervently, labor diligently, and give liberally to make Him known to all nations as their God and Saviour. We ask this for His dear sake. Amen.

A PRAYER FOR THE UNITED THANK OFFERING

O Lord, our Heavenly Father, we pray Thee to send forth more laborers into Thy harvest, and to grant them Thy special grace for every need. Guard and guide the workers in the field, and draw us into closer fellowship with them. Dispose the hearts of all women everywhere to give gladly as Thou hast prospered them. Accept, from thankful hearts, our United Offering of prayer and gifts and joyful service; and bless it to the coming of Thy Kingdom, through Jesus Christ our Lord. Amen.

Dear Friends of the Woman's Auxiliary:

In looking over this first year in which we have worked together, it seems to me there are three things that denote progress.

The first is a more complete district and diocesan organization; the second a more general and a more active interest in the missionary work of the Church; the third the establishment of the Book of Remembrance in connection with the Emery Fund.

Immediately after the election in October, 1920, a committee was appointed to draft a new constitution and by-laws. The suggestions made by this committee lead to a consideration of the development of the districts along diocesan lines which would call for many more women willing to hold office. These have been found and are proving to be valuable aids to the Executive Committee.

The Supply Department with its central budget and cutting and distributing department makes it possible for the smallest guild to do some boxwork, and the Second Vice-President, Mrs. Colton, found last Winter that at times the demand taxed her resources to the utmost.

The Book of Remembrance met with an immediate response. Names known to us all have been written on its pages, together with those of women equally devoted but whose service had been confined to a smaller field. The joy of thus honoring them has been great and to it has been added the knowledge that in this act of remembrance we were perpetuating their work by adding to the Jubilee Fund.

Our work for the immediate future is to prepare for the Triennial Convention to be held in Portland, Oregon, beginning September 6th. We must inform ourselves on the subjects which will be considered. We must pray earnestly that the Holy Spirit will guide every council, and we must let our interest and our prayers express themselves in our gifts until no good work will suffer for lack of means.

Our first act at the Triennial is the presentation of the United Thank Offering and our aim is to have it a real expression of thanks made by thousands of church women for countless blessings received during the past three years.

Since our annual meeting has occurred, on January 10th, the death of our long time friend and leader, Miss Julia C. Emery. In her life she was our inspiration and may her last words spoken to us at the fiftieth anniversary meeting be our motto for all the future.

"The one aim, the one object in which every smaller and lesser purpose and aim and object is hidden away, is, that each day we live, each work we do, each word we say, may give our Lord and Savior, the Master of us all, joy."

Very sincerely your friend,

FRANCES C. BOYNTON.

OFFICERS FOR 1922

Honorary Presidents

MRS. EDWIN S. LINES
48 Berkeley Avenue, Newark

MRS. J. HULL BROWNING

REPORT OF THE RECORDING SECRETARY

The report of the recording secretary of the Woman's Auxiliary of the Diocese of Newark covers a period of fifteen months from Oct. 6, 1920 to Dec. 31, 1921.

At the meeting in October, 1920, occurred the election and installation of the new officers with Mrs. Charles C. Boynton as President and the three Vice Presidents in charge of the three departments of the Auxiliary work. Mrs. Stephen Johnson, Religious Education; Mrs. Chester Lee Colton, the Supply Department, and Mrs. John Howell, Social Service. The eight Districts in the Diocese have perfected their organization and at the end of the year each District has officers corresponding to all the departments of the Auxiliary. The plan is working satisfactorily and new Parishes and Missions are more easily reached by taking the work nearer home.

A new constitution and by-laws for the Auxiliary was adopted in March 1921, making several important changes in the organization, all of which are now working satisfactorily.

Eleven regular meetings of the Auxiliary have been held and eleven meetings of the Executive Board.

The 50th Anniversary of the Woman's Auxiliary was observed October 5, 1921, in Trinity Church and at that time the Diocesan Branch made its offering to the Emery Fund.

A splendid meeting was held in connection with the Church Service League, at St. Luke's, Montclair, in May, for the United Thank Offering, and a Quiet Day with Bishop Lines, in Trinity Church, Newark, December 7th. Many interesting programs have been presented and the different departments have at all times kept their work before the women of the Auxiliary.

Among the speakers for the year besides Bishop Lines and Bishop Stearly, have been Bishop Gailor, the Presiding Bishop, Bishop Thurston of Oklahoma, and Bishop Colemore of Porto Rico.

The foreign field has been represented by Dr. Reifsnider from Japan and Miss Ambler, Deaconess Scott, Mrs. Creggill and Miss Gregg from China, and Miss Ridgely from Liberia.

Miss Lindley has spoken for the Auxiliary and many others have presented different parts of the work of the Church, in our own country.

Respectfully submitted,

HENRIETTA H. HAWES,
Recording Secretary.

REPORT OF FIRST VICE PRESIDENT IN CHARGE OF EDUCATION

The first annual report of your vice president in charge of education is necessarily a brief one as, while the report covers a year, the work is practically that of six months.

1921 auspiciously began with a most splendid piece of co-operation, the training classes held with the departments of social service and religious education.

These classes covered a period of several weeks in Epiphany and three were led by members of our department. Lent, the season when discussion groups flourish, was marked by splendid classes, one interdenominational class on "Paul the Conqueror" and eight parish classes, six of which studied the "Survey."

In April with the adoption of the new constitution, the conduct of this department passed into the hands of the first vice president and since then, educational secretaries have been secured in six districts, personal presentation of education in at least half of the parishes and missions. In October a training conference for secretaries and officers was held at the Diocesan House. The opportunity to present the educational needs and plans of the

diocese at the district meetings has resulted in an interest, the increase of which is perhaps indicated by the sale of missionary calendars, 145 last year, 300 this year, and by the fact that where literature and speakers were urged upon parishes now they are demanded by them.

It is our earnest hope that this increase of interest and information may lead many women to consider the greatest need of the educational department—new leaders.

The Educational Department has reached the third stage in its development—the ground was ploughed by your first secretary, Miss Bertha Richards, whose consecration and devotion served as inspiration to a few devoted women—the seed was sown by Mrs. Sloane, who through six years gave so modestly of herself that few realized the magnificent work she did, or the inspiration she gave us who follow her.

It is my privilege to place the names of these two women among the diocesan officers in the Book of Remembrance, in the name of the Educational Department of the Woman's Auxiliary. And now this third stage, the harvest. It may be we shall not gather it but truly "the fields are white" and "the labourers are few." Is it not because the "will" of the women has not been stirred that so few are willing to do this work of information that is truly training for service?

Fellow Churchwomen, consider the stewardship of time as well as money and make a rich harvest possible.

Respectfully submitted,

ELIZABETH L. JOHNSON,
1st V. P. in charge of Education.

REPORT FOR 1921 OF SECOND VICE PRESIDENT IN CHARGE OF CHRISTIAN SOCIAL SERVICE

During the earlier part of this year our Christian Social Service work was carried on along our earlier lines, with certain improvements owing largely to the help of Mrs. Bond, in charge of Diocesan Activities, Mrs. Grymes, and other deeply interested women. But, since our Spring realignment, while most helpful co-operation continues, new methods have been adopted.

The pilgrimage of the President and three Vice Presidents to the eight District Meetings facilitated reorganization of the department, and the beginning of a brisk program of first hand information as to Christian Social Service needs and activities.

There are now District Secretaries for Christian Social Service in all but two of the Districts, with good hope of soon completing the list.

Only Paterson and Newton are not yet equipped. The appointment everywhere of Parish Secretaries for this Department is being pushed.

At numerous meetings, Diocesan, Parish, and others the work has been presented.

In November a Discussion Group was held with the new District Secretaries, and a few others, using the new study book, "The Social Opportunity of the Churchman."

This Department urgently pleads for all possible use of this brief, low-priced and enlightening book, this year. Leaders for Discussion Groups are available.

The principal immediate efforts recommended to Parish Branches are two—First, Group-Study of this book; second, hearty, and thoughtful, participation in the supervised Group-Visits to certain Institutions for the Unfortunate, in Diocese, County, and State, particularly in Spring, Summer and Autumn. As an outcome of the District Secretaries' Discussion Group, lists of institutions are available, and a policy has been formed which it is believed will be helpful if followed in the Group-Visiting.

This Autumn we were fortunate in securing and distributing a reprint of Bishop Lines' Labor Day Sermon.

Special attention has been repeatedly drawn to the Woman's Auxiliary Appeal to Uphold Moral Standards, and to the Sheppard-Towner Bill (for maternity and infant protection), and the Jones-Miller Bill (against drug abuses). About three hundred signatures were secured to the petition advocating the Limitation of Armaments.

It is believed that our support in Essex County elections gave material help to the election of an eminently qualified Freeholder, the first woman ever elected to this office which is one peculiarly appropriate to be borne in part by women. Other efforts towards practical good citizenship have been made.

That Mr. Huntington has promised, for this Department, and on the invitation of the women of Christ Church, Ridgewood, to give an instruction on the Church Mission of Help (at Ridgewood January 10), to all interested women, is one last source of thankfulness.

In resigning as a Diocesan Officer your Vice President begs to express her deep gratitude for her long association with the Newark Woman's Auxiliary, which has been a truly inspiring experience; and to bespeak for her successor the same living and loving co-operation that has ever been forthcoming.

Respectfully submitted,

January 4, 1922.

FREDERICA B. G. HOWELL.

REPORT OF THE THIRD VICE PRESIDENT IN CHARGE OF SUPPLY DEPARTMENT FOR THE DIOCESE OF NEWARK

January 1, 1921—January 1, 1922

The Institutions which were placed in our care in the quota for 1920-1921 were well provided with garments both old and new during the first six months of 1921. Indeed the Diocese may feel proud that the needs of all were met so comfortably. About \$7,000 was spent for Institutional boxes on the old quota. All this work was willingly, cheerfully and splendidly accomplished, each parish auxiliary seeming to put a personal and loving care in the effort. Most of them have notified me that letters received in response to their gifts made the work most worth while and added much to the pleasure of their meetings. Letters have also come to your Supply Secretary from the heads of some of the Institutions thanking the Diocese as a whole. Personal boxes are expected to be planned as Christmas boxes, but two extra ones were sent out in the early spring as well as a few additions to some of the Christmas boxes reported in 1920. The amount of money spent on these approximated \$1,000.00. Thus \$8,000.00 of our report counts on the quota of 1920-21.

Of the new allotment—twenty-seven missionaries, two hospitals, four missions and three schools—very little other than twenty-two personal Christmas boxes have been taken care of and about \$4,100 has been spent on them. A very small quantity has as yet gone to the Institutions—probably \$900 would cover the valuation to date. Hence the total amount of the year's work in money is \$13,000.

A few of the branches are still uncertain about doing work for organizations outside of the allotment. Wherever it was possible, I have tried to make the matter clear to them that only such Institutions as have come to us through the Missions House are approved by the Bishop presiding over the Diocese in which they are located.

Any appeal that does not come through the Missions House must be referred to the Missions House before it can be cared for. In most instances we will find that these are unauthorized appeals, for when they are referred back to the Bishops, the replies have been such as to assure us that they were reported without authorization.

There have been some lists sent to places not in our allotment and for which we will receive no credit. The amount of money used thus far is approximately \$500. It behooves us to place our efforts in the correct spot—

that is, for the accomplishment of the work laid out for the Diocese by the Missions House. If there is any supplementary work to be done, we can do it only after consultation with the head of the Supply Department when our own allotment is completed.

This year we have an entirely new group of organizations and they cover the Indian, Colored, Porto Rican, Japanese and White fields. Let me urge that you give your earnest attention to the tremendous amount of work allotted to us. If we do not plan for it all carefully, we will not succeed in accomplishing it.

Let me express my sincere appreciation of the co-operation and team work of the District Directors and of each parish group which has helped to make whatever success we have had. Also to give hearty thanks to our ally, the Comfort Club.

FRANCES E. COLTON,
In charge of Supply Department.

BOXES SENT FROM SUPPLY DEPARTMENT

Oct. 1, 1920

26 Personal Boxes valued at.....	\$ 5,846.00
28 Mission (Institutional) Boxes valued at.....	940.00

Total valuation for 1921.....	\$13,479.00

Total number boxes sent from Supply Department, 285.

Total valuation, \$20,265.00.

REPORTS OF DISTRICTS

Report of Hackensack District

Hackensack District contains 26 Parishes and Missions and is widely spread over Bergen County. We are now beginning to feel better organized, having an Educational Secretary, a Social Secretary, Treasurer, and Supply Secretary.

We have held two meetings in 1920 and 1921, one in Tenafly in May, and one in Hackensack in October. Both were attended by the Guilds in towns near by, but there is difficulty in reaching the interest of the far away Missions.

There is great gain in the knowledge and interest in the work of the District and as soon as a Guild is well acquainted with the purposes and reason for the District Organization, we see the members at our meetings.

I have had two meetings for the Presidents of the Guilds to stimulate interest and give out notices of Educational and Social Work, and had about the same result in attendance. Our box work is cut out in Englewood by the Supply Secretary, Mrs. Cott, and so far, she has been able to deliver it. Several Parish Guilds are already sewing for us and Englewood and Hackensack each sent a Personal Box to a Clergyman, prepared with loving care and much pleasure.

Gradually the Director is learning to know the people personally and I feel sure that many church women feel their Diocese of Newark is much more to them than a name, and have a pride in its work and reputation.

SARA W. WHITMORE,
Director.

REPORT OF THE WOMEN'S AUXILIARY, DISTRICT OF MORRISTOWN

Jan. 1, 1921—Dec. 31, 1921

The District of Morristown includes ten parishes. Eight of these have branches of the Woman's Auxiliary. St. John's Church, Boonton, has a Parish Aid Society, of which the Woman's Auxiliary is a branch. St. John's Church, Dover, has a Helping Hand Society and a Rector's Aid. St. Peter's Church, Mt. Arlington, has been re-organized and hopes to have a Woman's Guild.

All of these organizations have weekly meetings during the winter. Box work is done by the greater number and during the year 1921, seven personal boxes and seventeen institutional boxes have been sent from the District. Money has been sent to Japan, Africa, Mexico, China, the Near East Relief, Brazil, Diocese of Newark and to Mission stations in our own country. Four parishes do definite parish work in addition to the Auxiliary work; five have a branch of the Church Periodical Club; four of the Comfort Club; six have contributed to the Bishop's Fund or the Bishop's houses; five have reported for the United Thank Offering and two for the Emery Fund, and four scholarships are supported regularly. All have subscribers to the Spirit of Missions.

The Chairman of the District has visited every parish and has spoken at meetings. Many of them have had other speakers. One Auxiliary had a class on St. Paul during Lent and another had weekly talks on the book, "The Alaskan Missions," written by Arch-Deacon Stuck.

Two District meetings were held, one at Calvary Parish, Summit, on April 19. Eight of the ten parishes in the District reported. An address was made by the Rev. Paul Roberts of Holy Trinity, West Orange. Mrs. Boynton, president of the Diocesan Auxiliary, explained the budget plan and Mrs. Herbert Baker of South Orange, spoke for the Emery Fund.

The Fall meeting was held in Morristown on October 27 at St. Peter's Church and Parish House. Holy Communion was celebrated by the Rev. Dr. Brookman, assisted by six of the clergy of the District, and the Rev. Mr. Craighill of Nan Chang, China, told of his missionary work. In the afternoon the business meeting was held in the Parish House. Mrs. Boynton, the president of the Diocesan Auxiliary, and Mrs. Howell, Mrs. Johnson and Mrs. Colton, the three vice presidents, were the speakers. Reports were made by eight parishes in which the plans for the coming year were outlined. These plans are now being carried on.

FLORENCE W. HARMON, *Secretary.*

KATHARINE H. MORGAN,
Chairman.

REPORT OF DISTRICT OF JERSEY CITY

The District of Jersey City includes all the cities of Hudson County except Harrison. It lies almost entirely along the top of the Palisades, from Woodcliffe on the north to Bayonne on the south with Hoboken and lower Jersey City on the lowlands by the Hudson. The churches are nineteen in number and one Mission. None of them can be called really wealthy and their condition is at present affected by two main circumstances: First, there is a yearly exodus of many of the more substantial families to the suburbs or New York, and secondly because we are in one of the strongest Roman Catholic centers in this part of the country. The churches, however, are doing their best and last year all but two contributed either by money or labor to the work of the Auxiliary.

The interest in the work is also much greater as is shown by the attendance at the meetings. There were three of these held since the first of the year, each one being larger than the one preceding it.

The women have been thoroughly aroused by the message that has been brought by the very able speakers who so generously gave of their time to come and help us. Owing to these meetings and the help of the Rectors of the parishes three more of the churches joined in the work than had ever done before.

The box work has been greatly helped this year by the more complete knowledge that we have of it. A full account of the work to be done by the Diocese has been given to the District Chairman and copies of this have been distributed by her to the various churches. Most of the churches have been visited during the year by the District officers and many of them more than once. There is every indication that better work will be done during the coming year.

Respectfully submitted,

ISABEL A. TRENCH,
Chairman.

Jan. 3, 1922

REPORT OF THE MONTCLAIR DISTRICT, DIOCESE OF NEWARK Year ending December 31, 1921

The Montclair District is the smallest, consisting of three large churches, four small churches, and four Missions, one a Mission for the colored people.

Most of these churches are near together, and very accessible. The District is well organized, and has the co-operation of all the churches, and most of the Missions. The Executive Committee, consisting of the six officers, and the president and one other delegate from each Auxiliary or Guild, meets regularly, once a month, in the Parish House of Christ Church, Bloomfield and Glen Ridge.

At each meeting, beside necessary business, some department of work is discussed—The Comfort Club, W. U. T. O. or the Educational work, etc., and the person in each Parish in charge of that work is specially invited. A cutting center for the District has been established in St. James' Parish House, Upper Montclair, and the work is going along nicely. One personal box was taken before Christmas and there would have been others, if they had been available.

Three all day meetings have been held during the year in different parts of the District, a Quiet Day, a Spring Meeting and a Fall Meeting, also a very successful Young People's Rally.

Interesting speakers, including two from foreign fields, were heard at each of these meetings, and there has been a good attendance from most of the churches and Missions.

There are six hundred and fifty blue boxes of the W. U. T. O. reported as being used in seven churches, and many subscribers of the Spirit of Missions.

The District, working as a whole, sent a large package of fancy articles to two of the Missions to help their Building Fund sales. It also sent a delegate to the Princeton Summer Conference.

The end of the first year of organized work shows an increase in District consciousness, with a greater interest in each other on the part of the women of the churches, and a strong desire to reach out with a friendly, helping hand to the Missions not yet closely associated.

With great hopes for the future, and a consecrated desire to advance the Kingdom of God, by means of the Montclair District,

Respectfully submitted,

MRS. REGINALD WILLIAMS,
Chairman.

REPORT OF THE WOMEN'S AUXILIARY, DISTRICT OF NEWARK

Jan. 1921—Jan. 1922

The District of Newark is composed of twenty-two churches, sixteen in the city, and the others in Nutley, Belleville, Arlington, Vailsburg, Harrison and Irvington. Before the organization of this District, some three years ago, Mrs. Stearly planned to use St. James' Parish House for a central work room for the cutting out of garments in quantity, and distributing these ready-to-be-sewed articles to any parishes that would make up the work to be sent to the mission fields. This central work room was transferred last year to Grace Church Parish House, where have met for work every week women from St. John's, St. Andrew's, St. Barnabas', St. James', St. Mark's, St. Paul's, St. Thomas', St. George's, Christ, Grace, Trinity Cathedral, and others. This regular meeting together has created an inter-church friendliness that has been of the greatest value to the District of Newark, and has been the important factor in the development and unity of our organization.

There have been two District meetings held during the year. The first, on the afternoon of April 6th, at the residence of Miss Edith E. Grice, 360 Ridge St. There were thirty-eight women present, representing eleven parishes. Informal reports, a general conference on the next season's work, an address by Mrs. Herbert S. Baker, explaining the special appeal for the Emery Fund, followed by a social hour. The second meeting was held Oct. 19th, at St. James' Church, Belleville. This was the first of the eight all day District meetings in the Fall and was to inaugurate an annual custom, viz., that the parishes of the District were to get together at the beginning of each season. A short service in the beautiful little church was conducted by the Rev. Percy T. Olton, Rector, at eleven o'clock. The women then adjourned to the Parish House, and the day's program was as follows:

Greeting from President Woman's Auxiliary, Mrs. Boynton.

Reports from parishes of all missionary work of the year, seventeen churches making reports.

Ten-minute address on finances, Mrs. Rodie, Treas.

Box luncheon, generously supplemented and served by the women of St. James'.

At one-thirty resumed session.

The work of the three departments of the Woman's Auxiliary was most ably presented by Mrs. Stephen S. Johnson, Educational Secretary; Mrs. John W. Howell, Social Service Secretary; Mrs. Chester Lee Colton, Supply Secretary; after which a half hour was spent in answering the questions in the Question Box, an innovation which proved interesting and profitable.

At three o'clock an address was given by Rev. Mr. Craighill, of Nan Chang, China, after which the meeting adjourned.

It is gratifying to add to this report that through the personal efforts of Mrs. Marie J. Quinlan, of St. Andrews, three new parishes have become interested in the work of the Woman's Auxiliary and will help with the sewing this year: St. Mary Magdalene, St. Stephen's, and Trinity, Irvington.

An organization of young women at Christ Church, Harrison, Mrs. Wm. J. Tilley, President, are offering to do some of the box work.

Respectfully submitted,

BERTHA N. BALDWIN.

REPORT OF THE DISTRICT OF NEWTON

From January, 1921, to January, 1922

The District of Newton is the one rural district of the diocese, covering the two northwestern counties of Sussex and Warren, and includes ten parishes and missions.

On account of distances it is impossible to hold many meetings, but during the past year two were held, one at Belvidere and one at Hamburg. Six parishes and missions were represented at the two meetings.

Most of the Auxiliary work of the district is done, not by separate branches of the Auxiliary, but by parish guilds working at certain times of the year as Auxiliary branches. Four guilds have helped with the work of the Supply Department, and have given money gifts for the General Work of the Church and to the budget of the Diocesan Branch of the Auxiliary. Ninety-two women of the district last year had a share in the United Thank Offering.

MARY M. MORFORD,

Director for the District of Newton.

ANNUAL REPORT, DISTRICT OF ORANGE

January 1, 1921-1922

The District of Orange is composed of sixteen suburban parishes, each having a well organized branch of the woman's Auxiliary. The District organization has been enlarged. In addition to our efficient Secretary, Mrs. J. W. Fisher, it now has Vice-Chairman pro tem. Mrs. A. P. Caldwell, Christ Church, East Orange; Box Supply Secretary, Mrs. Samuel Southmayd, Grace Church, Orange; Educational Secretary, Mrs. Russell Brittingham, All Saints, Orange; Social Service, Mrs. Herbert Barry, Holy Innocents, West Orange. The two latter, when appointed, took a course of training under the Diocesan heads of their respective departments.

There have been two officers' preliminary conferences, and two district meetings. One at St. George's Church, Maplewood, in May, where the budget plan was outlined by Mrs. Rodie, Diocesan Treasurer, and our Church's missionary work in China was ably presented by Dr. Y. Y. Tsu, of St. John's University, Shanghai. The second meeting, in October, convened at St. Andrew's Church, South Orange,—well attended for a day that could hardly be exceeded for disagreeable weather conditions. The Diocesan Secretaries for box work, education and social service described their plans for the winter; a new departure, current events in the Church's mission fields, was successfully carried through by Mrs. Grymes, Grace Church, Orange; and we were fortunate enough to be addressed by a Missionary Bishop, Rt. Rev. Hiram Hulse, upon conditions existing in his field, Havana, Cuba.

Our greatest need and problem is to find more officers to carry on the district work. The blue box of the Woman's United Thank Offering would be in the hands of many more if we had some one to present the subject; the Comfort Club and Spirit of Missions should have twice the number of subscribers listed, and the department of Social Service is represented in only a few of the Auxiliaries.

I wish to express my appreciation of the spirit of co-operation existing within the District and shown by other Districts to my own. I found St. Agnes' representatives at a program meeting at Christ Church; All Saints, at another; Grace, at Incarnation's Fair; Livingston, at St. Andrew's Fair; St. Luke's, Montclair, lending part of a program meeting to a District of Orange neighbor; representatives of Holy Innocents and St. Paul's, running almost a jitney service for those farthest away from the Maplewood meeting; St. Mark's and Christ Church cutting garments for the Districts of Paterson and Hackensack, and Holy Communion for St. Peter's, Livingston. Surely this interest and co-operation augur well for the future and we may look forward with confidence to an increasing usefulness for 1922.

Respectfully submitted,

EDITH B. ROSS,

Chairman, District of Orange.

REPORT OF THE PATERSON DISTRICT OF THE WOMAN'S AUXILIARY

January, 1921—January, 1922

The Paterson District has twenty-one parishes and missions. It includes large industrial cities, suburban residence districts, small towns and country churches. The Woman's Auxiliary has some touch with sixteen of these places. Five are as yet entirely unreached. During the last few months the two parishes in Passaic have been added to our number and the chairman has begun efforts to establish connection with them.

The most important step of the year was our first annual election of officers in May—the organization of the district.

On account of sickness in her family, Mrs. Kitts, Educational Secretary, has been obliged to resign after having made a good start with the work. Her resignation is received with the greatest regret.

Two district meetings have been held during the year. At the May meeting we enjoyed a delightful day with the hospitable ladies of Christ Church, Pompton Lakes. Good delegations were present from many of the parishes, large bus loads coming up from Paterson. The Holy Communion was celebrated in the charming church, the election held and other business transacted. The speakers were: Mrs. Herbert Baker, "The Emery Fund"; Mrs. John Sloane, "Education"; Mrs. Artley B. Parson, "The Work in the Philippines"; Mrs. Henry Leverich, "The United Thank Offering."

The November meeting was held at the Church of the Holy Communion, Paterson, where we were most warmly received. The speakers were the President of the Auxiliary, the three Vice Presidents, explaining plans for their departments; Miss Grace Lake, on the Americanization work she is doing in Garfield; Deaconess Scott, head of St. Hilda's School, Wuchang, China, who gave a most interesting talk on Chinese Girlhood.

The Chairman has held one Council meeting with delegates from the parishes, and the chairman of the Supply Department of the District has had one meeting with the heads of the work committees of the parishes.

The work done for the Supply Department during the year 1921 totals something over 1,000 garments. The value approximately \$500.00. The District is credited with \$135.00 for the Emery Fund.

Our immediate needs are: Secretaries for the Educational and Social Service Departments; more calls from the parishes for speakers and programs at parish and guild meetings; people in every church taking and reading "The Spirit of Missions"; every woman in the District a contributor to the Woman's United Thank Offering—we all want to share in that great offering made by the women of the church at Portland, Oregon, next September.

LOUISE HUTCHISON,
District Chairman.

REPORT OF WOMEN'S UNITED THANK OFFERING CUSTODIAN, DIOCESE OF NEWARK

DIOCESE OF NEWARK

From Jan. 1, 1921—Jan. 1, 1922

For Clerical Suits.....	\$ 400.00
To families	870.00
	<hr/>
	1,270.00

Balance Jan. 1, 1922.....	\$ 232.07
---------------------------	-----------

Respectfully submitted,

ANNIE H. B. HOWE.

Before closing this report may I add that when we all know and appreciate the real value of this fund every Branch of the Auxiliary will want to contribute. The money is for the wives of our missionaries in our own Diocese and used by the Bishop not only for Christmas and Easter gifts but to help when trouble and illness come. One who received the ten dollars for Christmas cheer wrote to me she would use it to help pay for her nurse. An added cheque for twenty-five dollars was sent to her at once filling a sore need. Surely we want all the churches to help our Bishop with this very personal emergency work.

A. H. B. HOWE.

REPORT OF EMERY FUND FOR DIOCESE OF NEWARK

Received from 68 Parishes.....	\$ 2,160.27
Paid for Book of Remembrance.....	30.00
	<hr/>
Balance	\$ 2,130.27

The Quota for Newark was \$1,500.00.

Number of Parishes in Diocese, 133.

GERTRUDE S. BAKER,
Diocesan Chairman of Fund.

REPORT OF COMFORT CLUB

In charge of Mrs. Clark

Received from 41 Parishes.....\$ 2,540.01

Disbursements

To the Bishop's Fund (suits).....	\$ 400.00
To Boxes in Bishop's Fund.....	1,200.00
To Supply Department (suits).....	174.55
To Supply Department (garments).....	740.00
	2,514.55

Balance	\$ 25.46
Number Garments Contributed, 2,435.	

How much more we could do if a Comfort Club Secretary was appointed in every parish and no parish is so small that it could not supplement its work by individual gifts to the Comfort Club. A contribution of two or more new articles and thirty-five cents annually constitutes a membership. The money to be used for clerical suits only. Those who have the work in hand can tell what a blessing the Comfort Club has been to them. This is the only fund to supply clerical suits in our own Diocese and also the calls that come from the Missions House unless some parish sends individually.

MRS. CHARLES F. CLARK.

TREASURER'S REPORT

Jan. 1, 1921—Jan. 1, 1922

(Addenda)

October 1919—January 1921

FOREWORD

The Woman's Auxiliary of the Diocese of Newark between the years of 1919 and 1921 passed through what might be called a reconstruction period. It was during these years that it passed from working along old lines—that is, working as a Diocesan Unit—to working in the "Eight Divisions" or Districts with its central executive and organizing and inspiring body in Newark.

Mrs. Joseph W. Danforth of East Orange was President of the Auxiliary up to October 1920 when she was succeeded by Mrs. Charles H. Boynton of Englewood. It was Mrs. Danforth who brought about the formation of the Districts and the electing of District Directors. The extension of her idea has given us the present plan of organization under the new constitution.

Mrs. Danforth had the Diocese divided into nine districts, these have been reduced to eight by the union of the Englewood and Hackensack districts which, after working one year under the original plan, seemed a wise change to make. Besides the innovation of the Districts and Directors the following changes have been made: Three Vice-Presidents where formerly there were two, representing the three departments of 1, Missions and Supply, 2, Education and 3, Social Service. These, with two Secretaries—Treasurer—Eight District Directors—the Chairman of the Bishop's Missionary Fund—Comfort Club Chairman—Custodian of the Woman's United Thank Offering, besides the Chairmen of the Finance and Publicity Committees now constitute the executive of the Auxiliary. Another change to be noted is the return to the old form of Custodian, in place of Treasurer of the W. U. T. O.

The work of the Auxiliary went steadily forward during these years of reconstruction—Boxes were filled both personal and institutional—pledges were met and Educational work was carried on with interest and increasing zeal. Especially is it noted that there is a deepening and advancing interest in the Educational Department as shown in the number of leaders and the increased demand for Classes and Speakers from all parts of the Diocese.

A growing interest and enthusiasm has been the result of the District Meetings as many parishes have come into line which heretofore had little or no interest outside of local affairs.

The work of reorganizing the Supply Department along Red Cross lines took patience and courage and strenuous work on the part of the new officers but finally the new plans were put across and made to work with comparative smoothness and each year brings a better grasping of new ways.

Not at all easy has it been for an organization which has gone along beaten paths for nearly fifty years to give itself to new ideas. We want to express our admiration for the beautiful cooperative spirit which has been exhibited in the readjustment.

With the organizing of the Nation Wide Campaign many responsibilities of money raising were removed from the Auxiliary. Then, too, with the forming of the Church Service League in the Diocese, we lost the affiliated Societies of the Girls Friendly—the Altar Guild—the Church Periodical Club and the Institute for Negroes—all of these are now in the League Federation to which the Auxiliary, too, belongs.

NOTES FROM DISTRICT REPORTS 1920

From Hackensack District—Hasbrouck Heights sending a box to St. Katherine's Home. Hillsdale to Dr. Burke in Alaska, two hundred articles of clothes. Oradell, nineteen articles of clothing and sixteen pairs of socks to Mission Home, Virginia. On May 21, a District Meeting in Grace Church, Rutherford with fifty women present—Mrs. Danforth, Mrs. Cobb, Mrs. Sloane and Mrs. Wurts as speakers. On October 27, a large all day District Meeting was held in St. Peter's Parish House, Morristown, over a hundred women were present. Every parish in the District was represented except Mt. Arlington. Bishop Stearly and Canon Elmendorf made stirring appeals for a great awakening in the hearts of the people on behalf of the Church. In December, in St. Peter's, at a second District Meeting, Mrs. Colton brought out most forcibly the great need in the Church all over the world, at home and abroad, for personal consecration and unselfish giving of both life and means.

Newark District writes—there was most enthusiastic response from everybody, many questions were asked and most ably answered by Mrs. Cobb who had graciously consented to attend this meeting that she might give help to the new management out of her long and loving experience. Fifteen Churches and Missions are busy with Grace Church, the Diocesan Supply Centre, where the cutting and distributing of garments goes on under volunteer helpers.

Englewood, from its District, sends a delegate to the Princeton Summer School, all expenses paid. Makes suggestions for the summer months such as Bible study, revival of Grace at meals, reading the book called Neighbors and a visit to the Bergen County Home.

We are sorry not to be able to quote more but space is limited. Other stories, at another time of the many things of interest in other parts of our Diocese.

REPORT OF EDUCATIONAL DEPARTMENT

From May 1918 to January 1921

Prior to May 1918 the work of the Educational Department confined itself almost exclusively to furthering missionary education in its various aspects. From that time however, the scope of our activities has materially changed and broadened.

In June 1918 we were asked to serve the War Commission of the Diocese, by helping to bring before the women of our Church "The Advent Call." *(That call to deeper prayer and fuller service felt to be so vital in view of the World War). Throughout the Summer and right up to Advent members of the department helped to make this movement known, training and sending out leaders, who in turn, helped to prepare messengers and intercessors.

In Epiphany 1919, two training classes were held and during Lent leaders from these classes conducted several discussion groups, the text book used being, Bishop Burleson's "Our Church and Our Country" and a course based on the Bible entitled "Christ in the New World Order."

August 1919 in response to a demand from the Church in the Diocese the department began work for the "Nation Wide Campaign". In October a class to train women speakers was held, as a result, a Speakers Bureau was organized and women went throughout the Diocese endeavoring to enlist interest in the Campaign.

January 1920, we were asked to cooperate with the Diocesan Board of Religious Education in planning a united program for the study of Christian Americanization. Classes were conducted for the training of leaders and during Lent a number of groups of men and women met to consider the problem, which at this time, seems fraught with a deeper significance than ever before. Text books used were "Neighbors" by Dr. Sturgis, and Christian Americanization by Dr. Brooks.

In the Fall of 1920, the department again began its activities by endeavoring to increase interest in the Nation Wide Campaign. With the help of Bishop Stearly and some of the clergy, and of the Executive Secretary of the Diocesan Campaign Committee, our department arranged programs for and conducted eight district conferences, all but two being all day meetings.

In addition to our Campaign endeavors we have of course, our work, which is always with us, of consulting with the clergy and parish officers, as to the best ways of furthering education in a parish, the sending of speakers to talk on "The Field" and on the variety of subjects included in Religious Education, and as we come to the close of our activities of 1920 we are thankful to God who has called us to this broader and more comprehensive service along educational lines.

MINNIE V. C. SLOANE

Educational Secretary.

From the Treasurer's accounts the receipts and disbursements for the Season of 1919 were as follows:

RECEIPTS AND DISBURSEMENTS

For the Year 1919

	1919	1920
Current Periodicals Lent Regularly.....	1,054	1,177
Regular Contributors of these Periodicals	600	739
Books Lent	1,776	1,595
Odd Magazines Lent	12,735	13,421
Christmas and Easter Cards Lent	9,000	7,919
Picture Cards and Calendars Lent.....	3,672	6,197

In 1920 the C. P. C. of the Diocese of Newark, as part of the work of the II Province, contributed its quota of books to St. John's School, San Juan, Porto Rico and also made a survey, with satisfactory results, of the important parishes in the Diocese in regard to the placing of the "Spirit of Missions" and other Church papers in their Public Libraries. During the present year, 1921, our efforts are especially turned toward supplying books for the new Library of St. Paul's College, Tokyo. This work is to be completed in 1922.

The number of parishes which have been listed as doing C. P. C. work in the Diocese as fifty-six and of these about forty-six may be considered as *active* members in 1921.

LUCY B. SHAW,
C. P. C. Correspondent for the Diocese of Newark.
