## REPORT.

---

Since the annual meeting of June 8th, 1881, one meeting was held November 22d, 1881, at St. Andrew's Church. Mrs. Lever, who was here on her return to Mexico, made a very interesting address. In regard to her, at the last annual meeting of the Mexican League, in New York, she was spoken of as possessing rare qualifications for her work, as also Bishop Riley and his whole band of workers, in the duty assigned them. The work of our new, and as yet somewhat feeble branch society, has been generously and faithfully carried on by some. Perhaps all have done according to their means, that is, those who have reported—for some parishes named upon the roll have failed to respond at all. Let us hope that having put their hand to the plow they may not quite have turned back, but will be heard from again. Some have not taken up the common object proposed, the payment of the salary of Miss Boyd, Missionary to China. Although each parish may claim freedom of action, on general principles, it is desirable that all should unite in doing something for the object agreed upon. It is better that the contributions should be small than altogether omitted. Owing to some misunderstanding the reports of parochial work, apart from that directly missionary in its character, are not quite full. It is

desired, for our mutual encouragement and to stimulate each other to good works, that all work shall be reported to the Secretary of this branch society, stating what has passed directly to Miss Emery. Since the last annual meeting we have been deprived of one whose sympathy and godly counsel would have been heartily given—our deeply lamented father in God, Bishop Kerfoot. Several years ago, under his direction, this work was planned, and efforts made to organize, just as has now been done; but the time did not seem ripe for the undertaking. The desires and plans of zealous hearts, like his, are not always swift of execution. We can only "follow on," and now, having made a beginning, see that we do not fail short of our aim. Discouragements must not daunt. All must, sooner or later, see the benefit of organization; and for the work of the individual let each one of us see to it, how that is done—how earnestly and heartily, and with God's help, we shall not fail.
