RESOLUTION TEXT

- 1 *Resolved*, the House of _____ concurring, That the 79th General Convention adopt a standard of requiring recipients of mission enterprise zone and new church start grants to disclose how the demographics (ethnicity/age/income range) of those in positions of authority in the new ministry, including staff and any advisory board or vestry members, compare to the demographics of the surrounding population, and be it further
- 2 *Resolved*, That the Parochial Report be modified to collect demographic data (ethnicity/age/income range) on vestry members together with the demographics of the surrounding three (3) mile radius of the church.

EXPLANATION

Our work as the Advisory Group on Church Planting has revealed that instrumental to starting and maintaining healthy communities of faith and/or worshipping communities requires that the dynamics of power, privilege, and authority be consistently evaluated and reevaluated to ensure that church leadership reflects the communities they are a part of or are hoping to engage, and to expand existing concepts of leadership. Doing so allows the new ministry to grow out of healthy DNA.

Our work with church plants and mission enterprise zones is an invitation to the church to a new way of thinking, because best practices for new ministries inform how we go about existing ministries. To that end, the Advisory Group hopes to bear witness to the reality that it is best practice for all churches to be aware of how those in positions of authority reflect the existing community around the church. We believe that asking congregations to supply this information each year using the demographic report found at The Episcopal Church Researching Your Congregation and Community web page together with information on staff and vestry will raise the issue in a helpful way for all of the congregations of The Episcopal Church.

Title: Oversee Monitoring of Full Integration of People of Color in Church Structures
Legislative Action Taken: Concurred As Amended
Final Text:

Resolved, That the 71st General Convention, as an aid to the elimination of institutional racism from the Episcopal Church and as a means of being accountable, oversee the monitoring of our progress in the integration of people of color in the structures of life and power in this Church by requesting that:

Each diocese, that has not already done so, establish a Commission on Racism.

These Commissions survey and record annually the number of congregations in the diocese and their ethnic distribution.

These Commissions survey and record annually the number of clergy who are persons of color who are being considered and the number called as rectors, assistants and in other clergy positions in non-minority congregations, and also white clergy in reverse situations.

These commissions survey and record annually the distribution of persons of color in positions of leadership in the congregations, such as vestry members, wardens, guild presidents and other such positions, and in dioceses, persons such as delegates to convention, diocesan councils, steering committees, Commissions on Ministry, Standing Committees, General Convention, and all other positions to which people are elected or appointed.

These commissions annually report the above information to the Diocese and to the Executive Council of the Episcopal Church.

The Executive Council direct the Board Theological Education, Council of Development of Ministry, ethnic desk officers and other related committees to monitor the recruitment and retention rates of persons of color who are students, faculty, and members of the Boards of Trustees of seminaries and survey the dynamics preventing significant increase in their numbers.

The Executive Council survey and record the distribution of people of color in positions of leadership at the provincial and national levels of the church, their rate of retention and discharge, and type of position.

The Executive Council report the results of its surveys annually to the church at large and every three years to the General Convention of the Episcopal Church, with recommendations for improvement, so that we as a Church may see where we are making progress or falling behind, in order to undertake strategies for specific circumstances, thereby keeping this issue before us until the question is resolved.
