Dear Ruth,

Thanks for the letter requesting information the Diocese of Fond du Lac might have to assist the SCLM in responding to GC Resolution C056. I'm sorry that the Diocese of Fond du Lac has nothing either in the form of a statement or liturgical resources.

Rather than making a statement, I have chosen to make my position known to the clergy by discussion at a gathering of the clergy. Not all agree with my position and I find it best to talk it through rather than to dictate to them.

Several years ago the State of Wisconsin passed a Constitutional Amendment stating that Marriage is between one man and one woman. This does not allow for much pastoral response, other than try to urge congregations to be open and inclusive of all people.

Your commission certainly has its work cut out for this triennium. May God be with you all.

In Christ Jesus,

The Rt. Rev. Russell E. Jacobus
